### **Abstract**

This document contains a summary of the Natural Language Processing course syllabus for the Master's Degree. It includes a summary of the main topics covered during the sessions, as well as additional explanations and extensions of the concepts and techniques referenced in class. The purpose of this document is to serve as study material and reference for the course contents.

Notice that this document is fully customized to the author's needs, placing greater emphasis on topics that the author struggles with or has not yet mastered, while covering more briefly those topics that are already well understood by the author.
